

Wasteland

Strata

His eyes are gone
His eyes are gone
His eyes are gone
And he won't go anywhere
His days are long
His days are long
His days are done
In the wasteland

In the wasteland, yeah
In the wasteland, yeah

His hair is long
She sings that song
They both think it's wrong
In the wasteland
He's all alone
She's all alone
We're all alone
In the wasteland

In the wasteland, yeah
In the wasteland, yeah

Take me to the wasteland
Show me all there is
Take me to the wasteland
Just take me there

Fair game is done
Go break my bone
Monotony, no fun
In the wasteland
Fair game is done
Go break my bone
Monotony, no fun
In the wasteland

In the wasteland, yeah
In the wasteland, yeah

His hair is long
She sings that song
They both think it's wrong
In the wasteland
He's all alone
She's all alone
We're all alone
In the wasteland

In the wasteland, yeah
In the wasteland, yeah

Take me to the wasteland
Show me all there is
Take me to the wasteland
Just take me there

Take me to the wasteland
Show me all there is
Take me to the wasteland
Just take me there

Show me all there is
Show me all there is
Well, show me all there is
