

Burn Me Down

Stratovarius

Born under the fire
An innocent child, pure-hearted and silent
The world is a fight
My everyday life
In war and strife

Went down to the wire
They said I was weak, told I was a liar
But once I begin I'll never give in
I'll make them believe in me

They can burn me down
But I'll never break, I'll be standing
Burn me down
But I'll never break, I'll be stronger
Now I'm alive
I'll show how I will rise
I'll never fall, I'll never fade
I'll never bow, I will never break

Mistreated and beaten
I won't eat the lies they're trying to feed me
Misled and hated
Torn up and wasted
I've lost my faith

Heart wounded and bleeding
Fighting 'til the end, I won't be defeated
'Cause once I begin I'll never give in
I'll make them believe in me

They can burn me down
But I'll never break, I'll be standing
Burn me down
But I'll never break, I'll be stronger
Now I'm alive
I'll show how I will rise
I'll never fall, I'll never fade
I'll never bow, I will never break

They can burn me down
But I'll never break, I'll be standing
Burn me down
But I'll never break, I'll be stronger
Now I'm alive
I'll show how I will rise
I'll never fall, I'll never fade
I'll never bow, I will never break
