

# Lost Without a Trace

Stratovarius

I can't explain the way I feel sometimes  
The loss of words, the chaos in my mind  
It seems like I can only bring you pain  
The passion fades away  
Like tears in the rain

And every time you try to reach for me  
I feel afraid, I feel I'm in too deep  
It's not your fault we ended up this way  
It's just that I can't be  
What you want from me

I must walk away again

You will never see me  
You will never hear me calling out your name again  
I'm out of words to say so I'll stay away  
You will never heal me  
You will never feel my touch upon your skin, your face  
For I—  
I'm lost without a trace

I did not want to fight, not make you cry  
I was too weak, the time was not right  
I hope one day you can forgive me  
For everything I've done  
How I let you down
