

Back On My Feet

Strawberry Guy

Am I feeling overwhelmed?
As another one is down
I'm searching for some order here, for me

I know you, you've been here before
Tell me what I don't know once more

I feel a change, coming my way
Moulding my days
To get back on my feet
I feel a change, coming my way
Moulding my days
To get back on my feet

Something I've been longing for
Falling into plan
It's put my knowledge to use
Well exchange is pretty grand

I know you, you've been here before
Tell me what I don't know once more

I feel a change, coming my way
Moulding my days
To get back on my feet
I feel a change, coming my way
Moulding my days
To get back on my feet
