

I'll Be There

Strawberry Guy

I've felt my shame
But it's behind me
I've filled the space
And it's much greater

Just know that I'll be there
You'll see that I'll be fair
Just know I'll try my best, for you
You're not on your own

I know I'm strange
But you make it easy
To feel so free
I know you've noticed

Just know that I'll be there
You'll see that I'll be fair
Just know I'll try my best, for you
You're not on your own
