

## Beautiful End

Strawberry Switchblade

There you lie alone  
Without fear  
Oh if you knew that I was so afraid  
Would you go so quietly?

Looking in deep down at all that's gone  
The pain you feel goes on and on  
Close your eyes and fall, beautiful fall  
Beautiful end, beautiful fall

There deep in a void  
Wanting to cry out  
The dark dark lit room  
Will be gone soon

Looking in deep down at all that's gone  
The pain you feel goes on and on  
Close your eyes and fall, beautiful fall  
Beautiful end, beautiful fall

Looking in deep down at all that's gone  
The pain you feel goes on and on  
Close your eyes and fall, beautiful fall  
Beautiful end, beautiful fall
