### Strawberry Switchblade

I know a place where we can go stay tonight  
It's not very far, we can stay till the morning light  
It's up on a hill, we can see for miles around  
If there's someone above, we just keep our heads on the ground  
There's a shack in the trees so we should be safe hiding there  
No-one lives near, but I don't think you'll really care

If you don't want to come, just you let me know  
If you don't want to come, say and we won't go  
If you don't want to come, just you let me know  
If you don't want to come, say and we won't go

We'll take two sleeping bags and we'll sleep on the floor  
We'll get some chairs and tape, we'll barricade the door  
There's snow on the ground but I'm sure it will be okay  
We don't have to stay long, just for another day  
This time tomorrow, we really will have to go  
We'd better get packing, I don't think their hands are slow

I'm glad you decided that you want to come  
It won't take us too long and we'll have lots of fun  
I'm glad you decided that you want to come  
It won't take us too long and we'll have lots of fun

Another night passing, we'd better pick up and go  
Just walk through this forest, it takes us on to the road  
Here's a car coming, it looks like she's slowing down  
She's not going too far, just to the nearest town  
Get some food there then back on the road once more  
Think it's the joy when we hear the last engine roar

We've traveled for hours and now the snow has gone  
Twenty-five minutes and we'll be in Aragon  
We've traveled for hours and now the snow has gone  
Twenty-five minutes and we'll be in Aragon
