

## Settlement

Strawbs

There comes a time  
When every settlement is due  
No compromise  
No other point of view

There comes a time  
When no one ever takes the blame  
No sentiment  
Whoever's in the frame

Strapped down in a cold town  
Dying to pay the rent  
What the masterminds are selling you  
Is Heaven Scent  
Ring around the rules  
We're nobody's fools

There comes a time  
When consultation is a lie  
No double deals  
No more humble pie

There comes a time  
When retribution is the key  
No change of mind  
Whatever is will be  
Chaos in the system  
Makes the stomach churn  
What the charlatans are selling you  
Is Crash & Burn  
Ring around the rules  
We're nobody's fools

Did you get a summons  
When the doorbell rang?  
What the autocrats are selling you  
Is Sturm und Drang  
Ring around the rules  
We're nobody's fools
