

# Shadowland

Strawbs

I may be wrong but if I'm right  
Then I feel it's clouding over  
Neon signs flicker bright  
With a silent voice of warning

I've got these things on my mind  
Shadowland  
TV life  
Can't you feel we're drowning

Shadowman  
Takes what he can  
While the crowd stands naked watching  
In the dark

I strain my eyes  
There's a figure in the main-street  
He wears a badge  
He carries a gun  
He's forgotten how to smile

I've got these things on my mind

Shadowland  
TV life  
Can't you feel we're drowning

Shadowman  
Takes what he can  
While the crowd stand naked watching

Dawn will break  
Day will come  
Let's hope it brings a rainbow  
We must change  
We've got to fight  
If we want to see the sun

I've got these things on my mind  
Shadowland  
TV life  
Can't you feel we're drowning

Shadowman  
Takes what he can  
While the crowd stands naked watching
