

Can't Help Falling In Love

Stray Cats

Wise men say only fools rush in
But I can't help falling in love with you.

Shall I stay? Would it be a sin?
If I can't help falling in love with you?

Like a river flows surely to the sea
Darling so it goes, some things are meant to be.

Take my hand, take my whole life too
For I can't help falling in love with you.

Well like a river flows surely to the sea
Darling so it goes, some things are meant to be.

Take my hand, take my whole life too
For I can't help falling in love with you
For I can't help falling in love with you.
