

# Rockabilly Rules

Stray Cats

There's a crazy sound that sends my soul  
It's part hillbilly part rock and roll  
All you need is a guitar, bull bass and a big ol'drum  
Well the cats and I get a kick from this song  
Cause our feelings about it run deep and strong  
We're naming this song rockabilly rules okay  
Well rockabilly rules. Okay  
Rockabilly's cool. Oh yeah  
Rockabilly rocks. Let's bop  
Well rockabilly billy bop. Let's bop  
Well rockabilly rules. Okay  
Rockabilly's cool. Oh yeah

Well it's a sound that's around to stay  
I said rock rock rockabilly rules. Okay  
Well we packed our bags and we hit the trail  
Now we're always on time just like the U.S. mail  
Through wind and through snow  
We never ever miss a show  
Well we rocked all around this great big world  
And I'm telling you man we're gonna give it a whirl  
Everybody knows that rockabilly rules okay
