

## Three Time's A Charm

Stray Cats

I saw her once, twice, three times  
Walking down the street, looking so fine  
We was rockin'  
Yeah man, we was rockin'  
And now she's gone, darn gone  
She left me hanging on the line

I called once, twice, three times  
I finally talked her into taking a ride  
She was shockin'  
I mean her figure was shockin'  
I [?] the fire alarm  
You know three time's a charm

Well we rock to the clock at 11-12  
When sleepy cat starts to slumber  
She said it's almost 3 in the morning  
I said 3 is my lucky number

I kissed her once, twice, three times  
Yeah she drove me right outta my mind  
We was rockin'  
Yeah man, we was rockin'  
And now she's on my arm  
You know three time's a charm, yeah

Well we rock to the clock at 11-12  
When sleepy cat starts to slumber  
She said it's almost 3 in the morning  
I said 3 is my lucky number

I kissed her once, twice, three times  
Yeah she drove me right outta my mind  
We was rockin'  
Yeah man, we was rockin'  
And now she's on my arm  
You know three time's a charm

I kissed her once, twice, three times
