

## Flirt

### Stray from the Path

Undermine my heart  
Don't play with my  
Emotions  
Don't play with my heart  
I waited for you until  
Until that day  
That day when my heart  
Turned to stone  
Release my heart  
Release my heart from your  
Release my heart  
Release my heart from your  
Cruel touch  
That day when my  
When my heart turned to stone
