

Guillotine

Stray from the Path

Desperate people never say desperate forever
Desperate people never say desperate forever

Death I can guarantee
As quick as a cut can bleed
When it drops it can't be stopped
No plan B just the guillotine

Death I can guarantee
As quick as a cut can bleed
When it drops it can't be stopped
No plan B just the guillotine

1776 ways to die choose one
What's done is done
Lepers and lobbyists
Loyalty arsonists
My kingdom come

A nation of narcissists
Peddling arsenic
In god we trust

But nothing is sacred
It's all for the taking
No glory for gluttons
Insubordinates fuck em

Death I can guarantee
As quick as a cut can bleed
When it drops it can't be stopped
No plan B just the guillotine

Death I can guarantee
As quick as a cut can bleed
When it drops it can't be stopped
No plan B just the guillotine

Handshakes and heads on a stake
I gotta hand it to em, while I hand it to em
(Seal your fate)
Modern problems
Medieval solutions
Mob violence
Restitution
You want Guerilla movement
Lessons are learned
With every table turned
(Watch it burn)
And when the smoke clears
The light shines one last time off the sharp steel

Let's see you try and find a way out of this
Let's see you try and buy your way out of this
Let's see you try and find a way out of this
Let's see you try and buy your way out of this
Let's see you try and find a way out of this

Let's see you try and buy your way out of this
Let's see you try and find a way out of this
Let's see you try and buy your Way. Out. Of. This!
You stupid fuck!

We tried it your way and its broken
It's over the people have spoken
The Desperate won't stay desperate forever

Death I can guarantee
As quick as a cut can bleed
When it drops it can't be stopped
No plan B just the guillotine

Death I can guarantee
As quick as a cut can bleed
When it drops it can't be stopped
Here comes the guillotine

Off with their fucking heads!
Off with their fucking heads!
Off with their fucking heads!
