I'm a clock puncher  
the shut up and take orders type mother fucker  
I'm a time cruncher  
and I'm wasting my life  
Was a determined man  
Now I just wanna stick my head in a ceiling fan  
But I see heaven burning  
In the bottom of a gas can

I'm a nervous wreck  
watch me snap

Do you think my life can get any worse?  
Go ahead and take a fucking shot
