

These Things Have To Fall Apart

Stray from the Path

It's only a lie if you believe

Now and again
These things have to fall apart
I'll say it again
These things have to fall apart

I was your cure and you were my disease
I was saving you but you were killing me
Are you sure?
This is what I see
My dreams, your plans, history
Broken teeth and a glass jaw
You always wanted more
I'll say it again, i've said it before
Pack your shit, yo there's the door
And take your fucking..with you

Now and again
These things have to fall apart
I'll say it again
These things have to fall apart

Face me when you leave
The only memory is you against me
I should have seen this coming
but I thought that you were bluffing
Now I'm fucked and I'm stuck
Turning nothing into something

Face me when you leave
The only memory is you against me

It's only a lie if you believe

Now and again
These things have to fall apart
I'll say it again
These things have to fall apart

Face me when you leave
The only memory is you against me
I should have seen this coming
But I thought that you were bluffing
Now I'm fucked and I'm stuck
Turning nothing into something

I was your cure and you were my disease
I was saving you but you were killing me

It's only a lie if you believe
