Do Re Mi Fa So La Ti Do
Our scale's growing step by step
Umm, my challenges are different than simple attempts
Beating everything I set my mind to*
Umm, I'm not picky about anything
Pile up the toppings and take a bite
(***** Pizza) Hm? Like the original branch of a franchise

You all got it from me, don't forget your manners
All eyes are on me
Even if you're just glancing while pretending not to, yeah
Yeah I know, yeah I know
Even if you try to hide it, it shows
Storks can't be bothered
In a battle between crow-tits

Setting up my ambitions
Completing them one by one, I made it
Now it's time for ignition
I'll start, move after me, a domino effect

Oh oh oh
Keep lighting the fire
Oh oh no

Everyone come here now now
Get in line here
Nobody's left out

With a flick of the finger they're like DOMINOs

Without a single hint of a smile
I cause a huge sensation, yeah

Ey, dominoes fall with one touch, one after the other
Yuh, rumble crack, with just one breath they fall apart
Blah blah
Okay, keep rowing 'til the end, my nickname is bulldozer
Even if you fall, keep crawling after me, follow

With one joke everyone falls over
Grasping their stomachs
The manager with his dad jokes should get out of it
While he still can
The kid who was quick to pick everything up from one to ten
Is now overcoming millions of mountains
With just one tilt of the head

Setting up my ambitions
Completing them one by one, I made it
Now it's time for ignition
I'll start, move after me, a domino effect
