Woah eyo woah oh oh
Woah eyo woah

You fell down, it's alright, I'll pick you up
Did you worry a lot?
No no no, it's your first time
That's ok, everyone does that
That's how it is, even adults made mistakes
Practiced and grew when they were our age
There's still so many firsts for us
It's alright, we just need to go through it and grow, don't cry

If you fall back a little, just rest
You're doing fine, when things are hard
I'll run with you, don't worry
Get up and roll up your sleeves, don't give up

You're doing fine
You're doing fine
Have strength, just endure a little more
I'll be next to you
You're doing fine
You're doing fine
You gotta take your time, you can do it
You can do just fine

Should I stop or not? Should I give up or not?
Why can't I?
Throw away all these thoughts
In that time, just run

Feels like you're running without knowing where the end is
It's a cycle of having a tired body and tired heart
You're about to give up
But you're the one who decides the end
What's your decision?
Just the fact that you're running toward the end

You're doing enough
You're doing just fine
I know you and you're trying your best right now
That's all you need
Just keep your pace
Don't be nervous, trust yourself

You're doing fine
You're doing fine
Have strength, just endure a little more
I'll be next to you
You're doing fine
You're doing fine
You gotta take your time, you can do it
You can do just fine

Even if it's hard and tiring, don't give up
Don't push yourself away, you just need time
Afterwards, when you look back
Tell yourself this

Woah eyo woah oh oh
Woah eyo woah
Woah eyo woah oh oh
Woah eyo woah

You're doing fine
You're doing fine
Have strength, just endure a little more
I'll be next to you
You're doing fine
You're doing fine
You gotta take your time, you can do it
You can do just fine
