

Lose My Breath

Stray Kids

'Cause when our eyes lock, it's like my heart stops

It only took me a moment
And now I'm imprisoned to your touch (Woah)
I don't know where it's going now
But I know, I need your love

Now, I'll always be here, I won't ever run
'Cause you took the air right out of my lungs

Ah, I lose my breath when you're walkin' in
'Cause when our eyes lock, it's like my heart stops
Ah, I lose my breath when you're walkin' in
You make my knees drop, it's like I'm in shock

Now, all I think about is how
My world turned upside down
Ah, I lose my breath when you're walkin' in
'Cause when our eyes lock, it's like my heart stops

Right now, I feel like dying and I'm lying
On the tilings when you walk in the room
Freezing but you're steaming
Yeah, you catch my breath every time you make a move
Can you be a part of my life?
Girl, I need you right by my side
When I look at your eyes
I'm out of breath (I'm out of breath)

Now, I'll always be here, I won't ever run
'Cause you took the air right out of my lungs

Ah, I lose my breath when you're walkin' in
'Cause when our eyes lock, it's like my heart stops
Ah, I lose my breath when you're walkin' in
You make my knees drop, it's like I'm in shock

Now, all I think about is how
My world turned upside down
Ah, I lose my breath when you're walkin' in
'Cause when our eyes lock, it's like my heart stops

Honestly
How could it be like this?
It feels like I'm thirsty
Even if I taste your lips
Oh God, I cannot breathe
How could you do this to me?
I'm out of breath, no oxygen
But you're burning me, sheesh

I'm already ready
To sacrifice me, take me
Let's keep it steady, steady
Keep me alive

Ah, I lose my breath when you're walkin' in

'Cause when our eyes lock, it's like my heart stops (No)
Ah, I lose my breath (Oh, oh) when you're walkin' in (Forget it)
You make my knees drop, it's like I'm in shock (Oh, no)

Now, all I think about is how
My world turned upside down (I lose my breath)
Ah, I lose my breath (When you're walkin' in) when you're walkin' in ('Cause
when our eyes lock)
'Cause when our eyes lock (It's like my heart stops), it's like my heart sto
