Where am I
Who am I
I am not me

When did it start? This problem that can't be solved
Who am I? It's homework that no one ever assigned me
Before I could memorize the formulas that materialized before me
I had no chance to decide on what answer to give

Without even knowing where I'm going, I'm just running
Cautious of the mirrors next to me
I'm just following
If I say it's because I'm still young
I think I'll get even more lost once I grow up
My confusion overlapping as I run, I keep pondering

Trapped in confusion, I still don't know myself
Do you know? Asking me, who doesn't have any answers
You make me cry, hold my hand
I'm in front of you, you're looking at me

Reflected in the mirror, I'm a maze
My insides are reflected in my mirror, no
Where can I find it?
For once I wish I could see myself
I keep looking for it

I'm not me, who are you?
I'm so different from the me I used to know
So many things I don't know, my dreams are only second
I don't even know how I feel so only tears well up

Every day, the situation ends
With either a question mark or three dots
I don't feel like myself but then I do
My heart is lost and the answer is hiding itself
I'm only looking for it
I can't touch it, my question is growing, but there's no answer

Trapped in confusion, I still don't know myself
Do you know? Asking me, who doesn't have any answers
You make me cry, hold my hand
I'm in front of you, you're looking at me

Reflected in the mirror, I'm a maze
My insides are reflected in my mirror, no
Where can I find it?
For once I wish I could see myself
I keep looking for it

□ I don't even know who I am
I just did as I was told in the memories
What is the path I must go on?
Don't ask, just run first
□ I don't even know who I am
I just did as I was told in the memories
What is the path I must go on?
Don't ask, just run first

Who am I? I'm looking at myself but I can't figure it out
I am not, maybe I need to find a different mirror
How much more do I have to wander
Until I can look at myself and smile?
What you want
What you want a mirror for myself

Reflected in the mirror, I'm a maze
My insides are reflected in my mirror, no
Where can I find it?
For once I wish I could see myself
I keep looking for it

□ I don't even know who I am
I just did as I was told in the memories
What is the path I must go on?
Don't ask, just run first
□ I don't even know who I am
