Funny what you're thinking, where are you?  
Who's in your head right now, someone other than me  
Looking for somebody, ayy, oh

I know where you're looking, what I'm gonna do about the atmosphere  
I stretched out my hand towards a hopeless future and poured myself out (Oh,  
oh)  
I tie myself to you, who stand still  
And somehow try to talk with you, I feel so tired, but I can't give you up,  
my babe  
You are a part of my life  
If I have to let go now, I'd rather be dead, baby  
The pointless argument ends yet again with a goodbye  
If this is the last of us, I might just die

Funny what you're thinking, where are you?  
Who's in your head right now, someone other than me  
Looking for somebody  
Baby, don't go away, love me like you loved me  
Say you're still mine  
I'd rather wish it was all a dream

You said it was too loud, so you kicked me out (Woo, woo, woo)  
Weathered days, fighting with you feel so tense  
Avoiding, always running far away (Yah, yah, yah)  
It's too cold outside, I return to you like a fool  
We sit across the table, again  
Woo, hey, sorry, babe, let us  
Go back, that guy in your head is dirty  
You see it too, but you pretend you don't know  
Let me dare to tell you something, you'll regret it so bad  
No way, we can go back to the way it was  
When all is said and done, let us smile happily, the two of us together  
Let's not create situations we wanna avoid  
I wanna hold my head up again babe, please listen

Funny what you're thinking, where are you?  
Who's in your head right now, someone other than me

I don't wanna lose a part of me, you are my heart, you know?  
If I'm the one who's changed, let us go back to the way it was  
It's not like we really don't have a chance, love

Funny what you're thinking, where are you?  
There's someone else in your head right now  
I already know  
Baby don't go away, I'll think of it as a lie  
Just don't leave me alone  
Just stay by my side (Oh)
