Just keep running, running like you have been (run, run)
Trust me and just keep running, running the way you were
Now I'm a pilot, pilot leading your way (pilot pilot)
Nobody can stop you, stop you, except for me

You can't not trust me, you'll lose your, lose your pace
If you're with me, your dying pace
Will be brought back to life

I'm always with you never ever, nonstop
I'm always with you never ever, nonstop

When I'm by your side
You feel like you're backed by a whole army, yeah
When you're more worn out than you had been
I'll be strong for you, many times stronger, yeah

Baby, listen up
Don't be anxious, just trust me and run
Baby I'm the one
Only for you

Match your pace with me, run run
Don't look back, I'll lead the way
Just run run
Don't ever let go of me when I'm by your side, yeah

I won't let this end, because your end
Will be my end, so just tell me any time
I'll match your pace and move on to the next, next step
We'll follow your plan and go to the next, next step

Ey, it's just because I don't know myself well either
Yuh yuh, will you be the answer to that question?
Ey, it's just because I don't know myself well either
Will you run by my side?

When I look at you, I see myself in how you live most of your day
You follow the same patterns I do, so I saw myself in you
I'm always with you never ever, nonstop
I'm always with you never ever, nonstop

In the same days, the same time, the same place
We fit together with our differences like a puzzle
Don't hurt on your own anymore
I'm by your side, lean on my shoulder what

Don't be anxious, just trust me and run
Baby I'm the one
Only for you
