Hold me tight, right now

No matter how hard I try to escape, there's no answer
Until I fall asleep in the sun, even deeper
I really wanna know yeah
I've already lost control oh

I'm going crazy now, out of control
I'm staying up all night again
The moment when I close my eyes
All I see is red lights

"Shh"

You know I can't leave you alone
You know I can't leave you alone
I just can't leave you alone

Make you feel my love oh
On a dark night
Make you feel my love oh
You know I can't leave you alone

Now, tell me you hate me
I can't handle you anymore
But I know, you and me
There's no other way

No matter how hard I try to run away, set the mic up
Until the moon falls asleep, even deeper
I really wanna know yeah
I've already lost control oh
