This is Seoul city
Numerous miracles have come true
A special star rises among the hidden stars (Star, star, star)

Full of odd things, never changes
A bustling street
Everything that gets in the way on the streets
Clean it up, clean it up, get back
A can that's shiny on the outside, empty on the inside
Kick it, kick it, kick it

Swerving
I'm speeding on serpent road
Luxurious like I'm an S-class
Best of the best on first class

Counting stars

The most special star, star, star, star, star, star

The odd one, that's me

All, all, all, all, all, all sorts of things are my work (Bling, bling)

Everyday, flashy, flashy

It's flashy, we're S-class

Flashy, flashy

Light spreads, the star shines brighter

I take big hip-hop steps, being special is my specialty

I come and go on special episodes as if it's my house

I don't envy studios, got the VIP room

Swarming with unique features

The nobodies who look around carelessly

Have a habit of jumping on anything that's shiny, no, no

Be the one to shine instead of chasing after what's shiny

That's much easier to show off, Shine like a diamond, 'kay?

When I look up, my image is embroidered in the sky, yeah, yeah

Stick around in the same place, STAY, yeah

Shining people, that's our intro, we're special, yeah

Stray Kids, I've got special forces behind me

Being on stage, that itself is special already

We don't need an audience for the festival

No need for restrictions when letting things loose

Limited edition, what's unique becomes special

Make what's opaque clear, reflect upon it over and over again

Energy stands out, audience is immersed

Our light becomes one, lighting up every corner here
