This dynamic life is exciting  
Sometimes, I'm short of breath  
But it's just a matter of holding on (Nod, nod)  
You don't look good, but we can be happy together  
Travelling is nice  
We can blow on sweet cocoa while we laugh and talk  
(When did the tears shed yesterday?)

Forcing me to give you everything  
If you fall down, you'll reach paradise, ya, ya  
Oh, I don't wanna lie, lie, lie down here  
I can't ingest anything mixed with unhappiness  
But thanks to you, the anxiety in my life went away  
Yeah, I don't know, I don't know  
I'm stronger than that
