Come on
Everybody look at me

Smile with a smirk like ssick
Now haven't I made you fall for me?
Your friends all pick me
They act like they haven't two or three times
Their heads all spin spin spin
Triple axel like figure skating
Stay right on that thrilling border
Between falling for me or not

Those fakes pretending to be hot are all bland
I'm sick of their fronts acting like they're giving me a hand
Get out of my way, I'm getting motion sick, I'm sick of it
Don't cross the line, don't even say 'we' yet about you and I

Excuse me for a bit
My phone is ringing off the hook
I'll put my humility in my pocket
Right along with my two hands

I'm so sick
Sick sick
Me so sick
Sick sick
They say feel like they've fallen

When I'm with the mic, with the mic,
Warning in the night, in the night
I'm so sick
With the mic, with the mic,
One corner of my mouth up in a smirk like ssick

Feel good, everyone's in a dreamy mood
Barely avoiding the dangerous level (warning, danger)
Everyone calling me from here and there
My heart's pounding fast
Everyone wasting energy joking around can just go, shh

I'm a player, here to change the vibes, a game changer
I don't copy anyone else, from all those lame styles I just back off
On a night that's got everyone's blood boiling
Nobody can just pass by, they're all busy calling me

Oh yeah I know
That I don't have anything special
But yeah did you know?
That I myself am really special yeah yeah

Excuse me for a bit
My phone is ringing off the hook
I'll put my humility in my pocket
Right along with my two hands

I'm so sick
Sick sick
Me so sick
Sick sick
They say feel like they've fallen

The moment I smirk like ssick
Their gazes lock on me and freeze
Me so sick and legendary

No matter when I'm
Unstoppable
Smiling brighter and brighter
CHEESE!

From the time I was born I've been sick
Never cried and just smirked like ssick
Even my first steps were sick
Every bit of news about me is so sick

Got my diploma and smirked like ssick
On stage I'm sick
Won awards and smirked like ssick
That's what we've done!
You see?

I'm so sick
Sick sick
Me so sick
Sick sick
They say feel like they've fallen

When I'm with the mic, with the mic,
Warning in the night, in the night
I'm so sick
With the mic, with the mic,
One corner of my mouth up in a smirk like ssick
