At some point since
Your eyes looked so cold
Perhaps I am the reason
Hug me and
Say we should break up
Guess you said it on my behalf

Before the pain gets any deeper
Leave me and meet someone you deserve

Did I really love you?
Or was it a selfish decision made for my own sake?
To escape from loneliness
You can blame me if you want
Even though I seemed like a forever
Now I'm saying goodbye in a cowardly way

Yeah, all the emotions I poured out for you
Do not last long, they fade with my passing heart
Why and for what reason did you love me?
Please erase me from your memory and go find your happiness
You were always full of tears, in your good heart
It was always raining, and I gave you thunder
I cannot love you, for any reason whatsoever

Before the scars deepen and the pain worsens
Leave me and meet someone you deserve

Did I really love you?
Or was it a selfish decision made for my own sake?
To escape from loneliness
You can blame me if you want
Even though I seemed like a forever
Now I'm saying goodbye in a cowardly way
