There's so many voices

Step out of them voices
Step out of them voices
There's so many voices

Don't hear the cold voices anymore
I'm covering my ears
But it's no use, the piercing looks
Block my way

I'm breaking it all down
All the sources of things
That trapped me in darkness and tortured me
I try to escape but there's no answer
Till I find the exit
Voices that act like they're for me but really
They ignore my dreams
I don't wanna get hurt again
So I'm covering my ears and walking on my path

Now they've been going around
It's in my head, making me dizzy, go away hey
Voices that torture me
Make me shout out again

Step out of them voices
I'll cover my ears and shout out again
Step out of them voices
Break free from the voices in my head

Lingering in my ears
Can't hear my voices
I hear that sound
It all feels so frustrating

I hear it till the end and I'm covering my ears

Stop, all the sounds that judge me
It annoys me like noisy neighbors
I keep hearing these nagging sounds from some point
It's noisy, I don't wanna hear no more
I'm a mess, impossible to save
I won't ever be deceived by those words
I'm not even curious, it's so obvious
It'll just make me yawn each time
Why do you keep talking, the speakers
Are turning up so your voice turns up too
I don't care anymore, don't care no more
Just leave me alone

Now they've been going around
It's in my head, making me dizzy, go away hey
Voices that torture me
Make me shout out again

Step out of them voices
I'll cover my ears and shout out again
Step out of them voices
Break free from the voices in my head

Lingering in my ears
Can't hear my voices
I hear that sound
It all feels so frustrating
I hear it till the end and I'm covering my ears

No more, no more
Don't try to change me
No voice, no voice
Stop making me so dizzy

Put away all other thoughts, do whatever you want
Don't be deceived, you know that's not true
Please just do whatever you want
Just stop it now, please
I wanna think simple thoughts
No need to care about everything
There's so many voices

Step out of them voices
Step out of them voices
There's so many voices
