

## Never Will I Marry

Barbra Streisand

Never, never will I marry  
Never, never will I wed  
Born to wander solitary  
Wide my world narrow my bed  
Never, never will I marry  
Born to wander till I'm dead  
No burdens to bear, no conscious, no care  
No memories to mourn, no turning on  
For I was born to wander solitary  
Wide my world narrow my bed  
Never, never will I marry  
Born to wander till I'm dead.
