

## Sweet Zoo

Barbra Streisand

I dreamed last night that I was a tiger in the jungle  
But I was a big bad tiger, for a lion killed me  
And then I was an elephant, a great big elephant  
There wasn't anything I couldn't do  
Till they caught and they brought me to the zoo  
So I dreamed I was an alligator  
-Crocodile? -No, alligator!  
With a great big mouth  
And four very funny little legs  
Which are no good for dancing  
So, then I was a dancing bear  
And I was doing my dancing where the bears dance  
But I was sneezing, 'cause I was a dancing polar bear  
And it was freezing  
Then I dreamed I was a giraffe  
I looked so ridiculous I wanted to laugh  
But giraffes can't talk, so how can they laugh?  
Who ever saw a giraffe laugh?  
Then I woke up  
And I was not a tiger, or and elephant,  
I was not an alligator. -Crocodile? -No, alligator!  
I was not a dancing bear or a tall giraffe  
I was only me...And that's the way I'll be!  
Oh, that's the way I'll be  
I enjoy being an oyster!
