

## Baby

STRFKR

Baby, I was a sucker for your love  
You left me hanging on a note  
I never thought that you'd play with me

Baby, I was a sucker tryin' t'know you  
But there was nothing anymore  
So then I thought I was crazy

Oh oh, I wanna thank you for your love  
Even though you were always on the phone  
And now we're finally so alone
