

## Do For You

STRFKR

Nobody else could do  
What you could do for you

My mother has told me  
Nobody else could do  
What you could do for you  
My mother has told me  
Nobody else could do  
What you could do for you

My mother has told me  
Nobody else could do  
What you could do for you  
My mother has told me  
Nobody else could do  
What you could do for you
