Hello God
Hanging down on me
Staying of love, oh, waiting...
Fantasy

Hello God
What a memory
In my mind, oh, yeah...
Fantasy

Oh, all the trials
Saying on loud, oh saying...
Pray for me

That feeling, yeah, it will come right around
That feeling, yeah, it will leave you all found
That feeling over your memories now
That feeling over your memories now
That feeling, yeah, it will come right around
That feeling, yeah, it will leave you all found
That feeling over your memories now

That feeling, yeah, it will come right around
That feeling, yeah, it will leave you all found
That feeling over your memories now
