

## Maps

STRFKR

I see it in your eyes  
Moving all around you  
You never had to try  
Changing all the time

I see it in your eyes  
Falling by your side  
You never had to lie  
To keep them in your heart

I see it in your eyes  
Moving all around you  
You never had to try  
Changing all the time

I see it in your eyes  
See it in your eyes
