

## Sea Foam

STRFKR

You lose your balance  
You lose control  
And even though your heart was breakin'  
You never say it  
Don't let it show  
That's just the way that you are

Everybody knows it  
Everybody knows but they don't care  
Everybody knows it  
Everybody knows it's time, now

Are we sailin' off again?  
Are we sailin' under the water?  
Are we sailin' off again?  
Under the water

You never doubted  
Not on your own  
You're just sick of all the fakin'  
A true believer  
You have it all  
That's just the way that you are

And everybody knows it  
Everybody knows but they don't care  
Everybody knows it

Are we sailin' off again?  
Are we sailin' under the water?  
Are we sailin' off again?  
Under the water

Are we sailin' off again?  
Are we sailin' under the water?  
Are we sailin' off again?  
Under the water

I'll make it over 'cause you're there  
What is in there?  
I'll make it on under the water
