

Together Forever

STRFKR

You don't need a lover
Wanna see and I understand, you're waitin' on
Under a cover
Oh, why would you burn it down?
I gotta get out

Shorty, you've taken my heart
Well, you know, why couldn't I be your friend?
Why you taking so long?

Shorty, will you take my?
Shorty, will you take my love?
I don't wanna break your heart
Shorty, will you take my love?
Isn't it hard enough?
Shorty, will you take my love?
I don't wanna break your heart
Shorty, will you take my love?
Isn't it hard enough?

Hard enough to fall in love
Isn't it hard enough?

Always another
Stand still 'cause I ain't a fan of waitin' on
All for each other
You wanted in when I wanted out and waited so long

Shorty, you've taken my heart
Well, you know, why couldn't I be your friend?
Why you taking so long?

Shorty, will you take my?
Shorty, will you take my love?
I don't wanna break your heart
Shorty, will you take my love?
Isn't it hard enough?
Shorty, will you take my love?
I don't wanna break your heart
Shorty, will you take my love?
Isn't it hard enough?

Hard enough to fall in love
Isn't it hard enough?
