While I'm Alive

STRFKR

Last night all black and white when I was sleeping
I felt shadows of emptiness around me
Just keep telling myself to live my life alive
Like everything else just keep on breathing and live
Oh, oh, oh, oh, oh

While I'm alive
I got, I live my life
While I'm alive
The colors and the sound
While I'm alive
I got, I live my life
While I'm alive

Saw the way I would die
While I was dreaming
Cold but hearing the sound
That a heart beats
Keep on telling myself to live my life alive
Like everything else
Just keep on breathing and live

While I'm alive
I got, I live my life
While I'm alive
The colors and the sound
While I'm alive
I got, I live my life
While I'm alive

While I'm alive, uh, oh, oh
While I'm alive
While I'm alive
While I'm alive
While I'm alive
