I'm Your Opposite Number

Strike Anywhere

Lower the flags
Raise Up the Earth
Freedom 'til death
Death until birth

We're still fighting each other
I'm your opposite number
I know we didn't have a say
I'm your opposite number

Unwritten violence
Aristocratic outrage
Were you there?

Forgotten in all of this change
New faces same system
It's true

Fuck You!

I'm your opposite number

Judges and victims
They rotate the symptoms
Were you there?

Forgotten in all of this change
New faces same system
It's true

Fuck you!

Lower the flags
Raise up the Earth
Freedom 'til death
Death until birth
