

Two Sides

Strike Anywhere

Some people think they're always right
And right is all they'll ever be
Well there's two sides and egos divide
And we're so concerned with who's right
These people are so quick to judge
Let's get the judgement straight
It's not who's wrong it's how we get along
Because I don't think that we do yet

Truth is a word that you're sure of
It's all you said but I'd love
Just to see you give someone else a chance

Open up, it's not so hard
Is hard what you want to be to kick some ass
It's a sure bet you'll get your way
But with no friends left
Don't say you know what I'm about
Because you don't
For God's sake give me a fucking break
You don't even know my name

Truth is a word that you're sure of
It's all you said but I'd love
Just to see you give someone else a chance
I listen to the things you say
I've weighed the facts out in my head
Can you do the same? No
Then don't waste my time

This time my mind is set
My side you'll never get
What did I say. What did you say
We can both be right just not in the same way
You think we could reach some common ground
No, no way

Truth is a word that you're sure of
It's all you tell but I'd love
Just to see you give someone else a chance
To see I listen to the things you say
I've weighed the facts out in my head
Can you do the same? No
Well there's two sides

There's two sides
