

Where Are They Now

Strike Anywhere

I believed in Julie when she said how easy it could be
I believed in Tony, with his written words of anarchy
And I believed in Joe when he said we had to fight
You know I believed in Jimmy when he told us to unite

Where are they now?
Where are they now?
Where are they -
Six years on and they're all gone
Now it's all gone sour
Where are they now?

Hollywood nights in Soho, writing on the walls of the Roxy Loo
Rotten on the telly, showing what a few choice words can do
Was it ever worth it, causing all the fuss
You know I believed in them don't you believe in us

Where are they now?
Where are they now?
Where are they -
Six years on and they're all gone
Now it's all gone sour
Where are they now?

No more kids are innocent, we will get fooled again
Only faces ever change, the song remains the same

Was it ever worth it, causing all the fuss
You know I believed in them don't you believe in us

Where are they now?
Where are they now?
Where are they -
Six years on and they're all gone
Now it's all gone sour
Where are they now?

Where are they now?
Where are they now?
Where are they now?
Where are they now?
Where are they now?
Where are they now?
