

Heavy Is the Heart

Striker

You always told me
I'd never make it to the top

And you always told me
That it's time to stop

Working through the night
I'm gonna build a better life
And leave this world behind
Not without a fight
I see the future in my sight
Nothing can stop me now

You don't need to know the reason
Why I do the things I do
You're so cold
Heavy is the heart that beats for you
You're so cold
Heavy is the heart that beats for you
You're so cold

You never told me
You don't have to change who you are

And you never told me
To reach for the stars

Working through the night
I'm gonna build a better life
And leave this world behind
Not without a fight
I see the future in my sight
Nothing can stop me now

You don't need to know the reason
Why I do the things I do

You're so cold
Heavy is the heart that beats for you
You're so cold
Heavy is the heart that beats for you
