

## Over the Top

Striker

I've been dreaming and I can see it now  
But I can never stop  
I've been working for so long  
To make it to the top

But they say it's too far  
It's too late  
It's too hard  
And it's a mistake  
You can't and you won't  
There's no way  
So just don't

Over and over they tell me to stop  
I'll show them the power  
Go over the top

Here in the front row  
With something to prove

But it feels so far  
So far away  
When you're the underdog  
You've gotta fight another day

All the hard times  
I left in the past  
Made me who I am  
And all the all the nights  
I made it through  
To see the other side

Over and over they tell me to stop  
I'll show them the power  
Went over the top

Here in the front row  
With something to prove

But it feels so far  
So far away  
When you're the underdog  
You've gotta fight another day
