

# United

Striker

We held out through the bad times  
To reach the other side  
The old days like a past life  
Like a drift in the tide

Tooth and nail  
Still holding it down  
And we still remain  
United  
Unbroken  
Until the end

Some things never change  
It's a hard life to live  
Life's a journey not a ball and chain  
That's why we won't give in

Tooth and nail  
Still holding it down  
And we still remain  
United  
Unbroken  
Until the end

We're not going anywhere  
Stuck in our ways  
We ain't back cause we never left  
We always stay the same

Tooth and nail  
Still holding it down  
And we still remain  
United  
Unbroken  
Until the end
