

Alligator Boots

Struggle Jennings

Alligator boots, stetson on the roof
Jumping off that bus, I ain't talking school
Harleys in the drive, couple chevy's too
Fuck the number one, we the hardest two

Yeah, balling like, balling like cocoa
Chevy on the block with the peanut butter polo (Yeah)
Looking like a hobo, shirt like a rag but I'm lowkey (Yeah)
Fuck but I am up though, trunk full of knock and wrist full of rolo (Yeah)
Show sold out got a diddy on deck but I put her on hold though (Yeah)
Got nowhere to go though
Ain't nowhere to go she running around solo (Yeah)
Got her tied up like a rope though
She told me get her lights like a popo (Yeah)
She was looking so so
Took a hit of creek she so so (Yeah)
Took another shot while in the jeep
I was playing for keep like a goalpost

You mad at me about something
I don't owe you nothing, no
Standing on the edge of a cliff that you can't climb quit bluffing
Take a dive in these dangerous waters we too deep to be touching
Going come out cussing with your head bussing
Till your momma check for concussions
I don't mean to be aggravated
Cause you hating on me got me agitated
I am the last one that should be isolated
Because I am a sellout because I finally made it
Same guy for the money, same goon with the bag
Check the stripes you know I sacrificed to get all the shit that I have

Alligator boots, stetson on the roof
Jumping off that bus, I ain't talking school
Harleys in the drive, couple chevy's too
Fuck the number one, we the hardest two

Is it shallow if I am talking deep pockets
Going back to rapping about street topics
Club plug baby jhony socket in a nook back on that court docket
No not me no never that
Unless you shoot first than I am shooting back
Came from the flame but I grew from that
Used to be on fire now I am a cooler cat
Don't get confused I'm still a carnivore
Asking back for more than what it's calling for
Better hang it up before it's off the hook
Get your comm clear it is awful look
All it took was to take in L
Now your momma crying gotta make a bail
We all love to win but hate to fail
You fake as hell scared to break a nail
Oh bitch can I get a witness
Heard you knew a few that your whole crew snitching
Hit you with your own fist [?]
Now your bitch telling me all your business
That slick shit you be rapping

As my kids say you just capping
I am pow pow when I show up with a long mag, hanging at the ass of this drag
on
I ain't sad to say that I am happy
You mad to hear that I am good
You upset with my upset only cause you wish you could
Alligator boots, stetson on the roof
Don't be dying over nothing
Baby we the living proof

Alligator boots, stetson on the roof
Jumping off that bus, I ain't talking school
Harleys in the drive, couple chevy's too
Fuck the number one, we the hardest two

Yeah, I took 3 quarters out of my back pocket
I bought a rubber just so I could say out loud
Mother fuck, mother fuck, all of that you fuckers
Dick up like a brick and I kick it through [?]
Individuals sent it to guiness and I am criminal

Gotta go get a crew
So plunge 'em out water 'em down gush 'em out
Bitch ass rapper what you talking about
Got a bunch of rowdy boys got em jumping now
My box is what they bump I am steady crunk
I am ready punk, bitch speak your mind I tell you what boy I am a nut
Just like come drop from a pine
Out in my zone, yeah, I am a nine, yeah
That is a prime, I got some clones but not a swine
Not a pig though
No not a want up on this rhyme boy
Cause you a kids boy I'm a whoop boy
You a niece boy, you a ship boy
You a cheap sauce so the meat boy, you the beef
I just popped a xanny off
Crank two shots of vander coke
Pappi pappi like an athlete true in air tapping jaw
Fireworks is popping off
Put a murder at your brawd
You ain't gotta run homie but you better take your main squeeze
Baby please bitch baby please take cover

Alligator boots, stetson on the roof
Jumping off that bus, I ain't talking school
Harleys in the drive, couple chevy's too
Fuck the number one, we the hardest two
