

Omertà

Struggle Jennings

I think you mother fuckers forgot the code
I'm a remind you

Hard times I move past that
No need for us to backtrack PTSD with flashbacks
Black Chevelle with that fastback
22s and it's matte black
Money movin like a cashApp
Imma lose baby that's cap
When I push forward ya better back back
I'm full tank and I'm fully loaded
Hammer back and I'm ready for it
I don't ask for smoke but I answer with it
Family want it
Imma go and get it
I was born to fight so I'm swinging hard
Stakes high I got the winning card
Aces high yea it's all or nothing
Stand for family and you'll die for something

Honor respect loyalty omertà
Something that a lot of y'all ain't heard of
I don't wanna to murder so don't back me in a corner
What I'm doing with my life really don't concern ya

Honor respect loyalty omertà
Something that a lot of y'all ain't heard of
I don't wanna to murder so don't back me in a corner

Lips sealed but my eyes open
I'm gonna speak my mind til my eyes closed
Lies told only a fool believes
When honors gone baby who gon grieve
RIP to them street codes
They rather cash a check then to have respect
You gonna lose your chips with only half a deck
It ain't adding up better come correct
I'm standing strong on my foundation
Teaching mine is my obligation
Cut the dead weight operation
These boys are pussy baby ovulation
It ain't complicated don't complicate it
I watched my freedom get confiscated
Abominated
I dominated
Your fuck shit won't be tolerated

Honor respect loyalty omertà
