

Road I Came

Struggle Jennings

I fought tooth and nail
For everything I got
I've been locked up, drug down, told I'm everything I'm not
I've lost it all and built it back again
I've been flat broke, no hope, told I'm just a failure of man
At the end of the day
I give thanks

I've got a good heart
But I've made some big mistakes
I left the past behind me with the wind in my face
I've got a fresh start
And I've got the rest of my days
Oh I'll never go back
Down the road that I came

They can speak their mind
Say I forgot my friends
But I slowed down turned around
Too many times for them

And I don't owe nobody
But the lord above
For the fact I'm right here right now
Feeding everyone I love
At the end of the day
I give thanks

I've got a good heart
But I've made some big mistakes
I left the past behind me
With the wind in my face
I've got a fresh start
And I've got the rest of my days
Oh I'll never go back
Down the road that I came

I know ain't easy
To love a man like me
I've changed my ways
So baby please believe

I've got a good heart
But I've made some big mistakes
I left the past behind me
With the wind in my face
I've got a fresh start
And I've got the rest of my days
Oh I'll never go back
Down the road that I came

I've got a good heart
But I've made some big mistakes
I left the past behind me
With the wind in my face
I've got a fresh start
And I've got the rest of my days

Oh I'll never go back
Down the road that I came
