Beautiful

Stryper

I can see the good in you
Even if you never do
Tell me will you ever believe?
You're more than you know
Are you ever letting go of the
Fear robbing your soul like a thief

More than a million to one
Shine with the moon and the sun

Cause you are beautiful
You are wonderful
Your life is meaningful
And you will always be to me
Beautiful
Oh yeah

You've got a bigger heart
Always have from the start
You can light up the night like an arc
Your spirit and soul
Can make dull worlds glow
When the cold needs a fire, you're the spark

You're more than a million to one
So shine with the moon and the sun

Cause you are beautiful
You are wonderful
Your life is meaningful
And you will always be to me
Beautiful
Oh yeah

Cause you are beautiful
And you are wonderful
Your life is meaningful
And you will always be to me
Beautiful, yeah, yes
Beautiful, yeah
Beautiful
Beautiful...
