Stryper

Watch the news  
And read the stories  
It's a nightmare  
And run for cover  
Search for glory  
Is it really anywhere

Darkness in the air  
The light is the extinguisher  
And with a solid fight  
Maybe we'll figure out  
Just who we were

Are we lost?  
Are we lost?  
At what cost?  
Are we lost?

No matter what we face  
Our hope, it will defend us  
Don't ever think that we  
Can't find another treasure in the dust

And even when we have  
Nothing left to turn to  
With stronger faith  
We'll see the answer  
And the lie becomes the truth

Are we lost?  
Are we lost?  
At what cost?  
Are we lost?

Are we lost?

Lost  
Are we lost?  
At what cost?  
Are we lost?

You tell me are we lost?  
You tell me are we lost?  
You tell me are we lost?  
Please tell me are we lost?  
Please tell me are we lost oh oh
