

Sorry

Stryper

More than just complicated
And more than just okay
No it's not overrated
Every word you slay

Sorry
It doesn't always make it starry
Maybe next time be more charming
So you don't have to say Sorry, no
You don't have to say Sorry

Oh no...

Another lie and deception
Just a smile that's paid
You better change your reflection
And start a new crusade

Sorry
It doesn't always make it starry
Maybe next time be more charming
So you don't have to say Sorry, no
You don't have to say Sorry

No... Sorry...

Sorry
It doesn't always make it starry
Maybe next time be more charming
So you don't have to say Sorry, no
You don't have to say Sorry
Sorry
Maybe next time be more charming
So you don't have to say Sorry, no
You don't have to say Sorry
Sorry
No you don't have to say Sorry
