

The Devil Doesn't Live Here

Stryper

I'll take the endless trials
Under the eagle eyes
But that won't make me second guess
What I believe or even why

You've spent a lifetime
Hiding from the final law
But when you bow before The King
You'll have to answer for it all

Are you ready?

The Devil doesn't live here
Only, Jesus
Sold out with no fear
Only to Jesus

You take the bet with
Every odd against my soul
But I'm a wrecking ball
And nothing's gonna stop me, you should know

Maybe it bothers you
That I'm up for the task
What will you do or say
When you have to remove the ugly mask

Will you be ready?

The Devil doesn't live here
Only, Jesus
Sold out with no fear
Only to Jesus

The Devil doesn't live here
Only, Jesus
Sold out with no fear
Only to Jesus

The Devil
Only
Sold out (sold out to Jesus)
Only (Jesus)

Sold out to Jesus
